شذى:

مساء الخير جميعًا. نشكركم على حضوركم مناقشة نتائج شركة عقارات الكويت للربع الأول من عام 2025. يسعدنا اليوم وجود السيد طلال البحر، نائب رئيس مجلس الإدارة والرئيس التنفيذي، والسيد ماهر خلف، نائب رئيس الشؤون المالية، والسيدة أوراود العنزي، نائب رئيس علاقات المستثمرين.

أوراود:

مساء الخير جميعًا وشكرًا لانضمامكم لنا اليوم. يسعدني أن أقدم لكم أداء الشركة المالي والتشغيلي للربع الأول من عام 2025.

قبل أن نبدأ، نود لفت انتباهكم إلى أن العرض التقديمي قد يتضمن توقعات مستقبلية تعكس توقعات الشركة، وهي عرضة لمخاطر وشكوك قد تؤدي إلى اختلاف النتائج الفعلية. يُرجى الرجوع إلى إخلاء المسؤولية الكامل في هذا العرض.

دعونا نبدأ بأبرز النقاط:

شهد الربع الأول من هذا العام حدثًا محوريًا في رحلة نمو الشركة مع الإطلاق الرسمي لمشروع "الطي هيلز" في الشارقة، وهو أكبر وأكثر مشاريعنا طموحًا حتى الآن. يمثل هذا المشروع نقطة تحول في مسيرة عقارات الكويت، ومن المتوقع أن يُرسي، بعد اكتماله، معايير جديدة للربحية في السنوات المقبلة.

بينما شهد أداؤنا التشغيلي نموًا سنويًا، انخفض صافي الربح مقارنة بالربع الأول من 2024، ويعزى ذلك أساسًا إلى توقيت تسليم المشاريع. في الربع الأول من 2024، سجلنا مكاسب من إعادة تقييم بعض الأصول في دبي والتي تمت إعادة تصنيفها من "قيد التطوير" إلى "أصول متداولة"، مما عزز النتائج في تلك الفترة. في المقابل، سيتم الاعتراف بالإيرادات المتعلقة بالمشاريع الحالية خلال تسليمها، بما في ذلك التلال، لاحقًا هذا العام، خاصة في الربعين الثالث والرابع.

وبالرغم من هذا الاختلاف في التوقيت المحاسبي، فإن التوقعات السنوية تظل دون تغيير، ونحن واثقون من مسار الشركة ووضوح رؤيتها للأرباح.

الأداء المالي

دعوني أستعرض الآن النتائج المالية للربع.

بلغت الإيرادات 9.5 مليون دينار كويتي للربع، مقارنة بـ 8.2 مليون دينار في الربع الأول من العام الماضي، بنمو نسبته 15.3%. يعكس هذا النمو قوة محفظتنا المدرة للدخل، خاصة في الكويت والإمارات. كما ستلاحظون إضافة بند جديد في قائمة الدخل هذا العام، "إيرادات العقود مع العملاء" المتعلقة بالاندية الصحية لشركة أكتيف التابعة بالكامل للشركة.

على صعيد صافي الربح، بلغ إجمالي الربح 6.7 مليون دينار، مسجلًا نموًا بنسبة 26.1% مقارنة بالعام الماضي، مما يعكس هوامش ربح صحية وكفاءة تشغيلية.

على مستوى الأرباح قبل الفوائد والضرائب والاستهلاك (EBITDA)، حافظنا على أداء قوي رغم عدم وجود مكاسب إعادة التقييم التي ساهمت بشكل كبير في الربع المماثل من العام الماضي. انخفضت تكاليف التمويل بنسبة 5.1% مقارنة بالعام الماضي، وكان تأثير ذلك على صافي الربح مؤقتًا كما أوضحت سابقًا بسبب توقيت تسليم المشاريع.

مركز الميزانية العمومية

نما إجمالي الأصول بنسبة 15.2% على أساس سنوي ليصل إلى 479.4 مليون دينار كويتي في 31 مارس 2025، مقارنة بـ 416.3 مليون دينار. يعكس هذا النمو استمرار ضخ رأس المال في المشاريع الجارية والاستثمارات. في الوقت نفسه، ارتفع إجمالي الديون بنسبة معتدلة بلغت 6.2% إلى 229 مليون دينار. ونتيجة لذلك، تحسنت نسبة الدين إلى الأصول إلى 47.8%، مقارنة بـ 51.8% قبل عام، مما يدل على أن قاعدة الأصول تتوسع بوتيرة أسرع من الالتزامات.

وزاد إجمالي حقوق المساهمين إلى 200.9 مليون دينار، بنمو 17.2% مقارنة بالربع الأول من 2024. وبناءً على صافي الربح السنوي، بلغ عائد الأصول 3.4% (ROA) وعائد حقوق المساهمين 8.8% (ROE).

تحديثات الأعمال

في الكويت، نواصل الاستفادة من بيئة تشغيل مستقرة. وحافظت محفظتنا المدرة للدخل على مستويات إشغال مرتفعة في الأصول السكنية والتجارية والضيافة.

وتتواصل أعمال التطوير في مشروع سكن العمال في صبحان والمُنْفَذ بعقد BOT لمدة 20 عامًا، حيث بلغت نسبة الإنجاز 50%، وهو على المسار الصحيح للتسليم مطلع 2026.

وبدأنا أيضًا تأجير 41 وحدة تجارية في مجمع الرقعي، مما يعزز استفادتنا من الأصول المحلية.

في الإمارات، واصلنا تحقيق تقدم قوي في منصات التطوير والأصول المدرة للدخل. حقق مشروعنا الأكبر، "الطي هيلز"، معدل بيع تجاوز 85%، بما في ذلك بيع المرطبتين الأولى والثانية بالكامل. من المقرر أن تبدأ عمليات التسليم في الربع الأول من 2028، فيما تجري حاليًا أعمال البنية التحتية.

في أصول سكن الموظفين (دوموس)، حافظت وحدات دوموس 1 إلى 4 على إشغال كامل، بينما وصل بناء دوموس إلى 50%، مع مخطط للتسليم في الربع الرابع من 2025.

وللاستفادة من هذا الطلب، خصصنا 100 مليون درهم كاستثمار استراتيجي في صندوق AIM Residential Fund الجديد، المصمم لتوسيع سلسلة الأصول السكنية في الإمارات.

في محفظتنا في الولايات المتحدة الأمريكية، وصل مشروع 501 First Residences في ميامي إلى 87% من الإنجاز، مع تقدم في الأعمال الداخلية، ومن المقرر تسليمه نهاية هذا العام.

هذا يختتم أبرز تحديثاتنا للربع الأول من 2025. سنفتح الآن المجال لأسئلتكم عبر الدردشة، وسنجيب على أكبر عدد ممكن.

شذى: نعم، لدينا سؤال. كيف يسير التقدم في المشروع الضخم في الشارقة؟

طلال: حسنًا، التقدم جيد. أكملنا تقريبًا تسوية الأرض وقمنا بمنح عقد البنية التحتية الأسبوع الماضي، ونحن نسير بشكل جيد في الخطة.

شذى: ما نوع الأرباح المتوقعة في 2025 و2026 و2027؟

طلال: بالنسبة لأرباح مشروع "الطي هيلز"، نتوقع ربحية تتراوح بين 85 إلى 90 مليون دينار كويتي كما أعلننا سابقًا. أعتقد أنه في الربع الثالث والرابع يمكننا تسجيل جزء من الأرباح، لكن سيكون محدودًا جدًا. نتوقع أن الجزء الأكبر سيأتي في 2026 و2027 والنصف الأول من 2028، بما يتماشى مع مواعيد التسليم ومبدأ الاعتراف بالإيرادات بنسبة الإنجاز.

شذى: إذًا، هو يتساعل عن توقعات أرباح المجموعة بشكل عام.

طلال: وفقًا لمتطلبات هيئة أسواق المال، لا يمكنني تقديم التوقعات حول الأرباح المستقبلية، لكن هدفنا هو تحقيق نمو مستمر وتقديم إيجابي مقارنة بالعام الماضي. لكن بسبب لوائح هيئة أسواق المال، لا يمكننا تقديم أرقام توقعات. ومع ذلك، فقد قدمت لكم ما أعلنناه سابقًا بشأن ربحية المشروع، كما أعلننا أننا بعنا ما يقارب 85% من المشروع، لذا يمكنكم استنتاج التأثير المالي بشكل معقول. لديك سؤال آخر. كيف تبدو قائمة المشاريع المستقبلية الجديدة؟

شذى:

طلال: قائمة المشاريع المستقبلية مشوّقة. لدينا حاليًا مشروعين أو ثلاثة قيد المراجعة، ونهدف من زيادة رأس المال التي أعلنّا عنها الى إطلاق مشروع بنهاية هذا العام أو في الربع الأول من 2026. شذى: شكرًا جزيلاً على هذه الأسئلة.

أوراد: شكرًا لوقتكم اليوم، ونحن نتطلع إلى مشاركة المزيد من التقدم معكم في الفترات المالية المقبلة.

AQARAT – Q1 2025 Analysts/Investors Earnings Call Transcript

Moderator: Shaza Shaker, EFG Hermes

Good afternoon, everyone. Thank you for joining AQARAT's Q1 2025 results call. We are pleased to have with us today Mr. Talal Al Bahar, Vice Chairman & CEO, Mr. Maher Khalaf, VP - Finance, and Ms. Awrad Al Enezi, VP -Investor Relations.

Awrad Al Enezi – Good afternoon everyone and thank you for joining us today. I'm pleased to walk you through AQARAT's financial and operational performance for the first quarter of 2025.

Before we begin, please note that today's presentation may include forward-looking statements. These reflect the Company's expectations and are subject to risks and uncertainties that could cause actual results to differ. Kindly refer to the full disclaimer in this presentation.

Let's begin with some key highlights:

Key Highlights

The first quarter of this year marked a pivotal milestone in AQARAT's growth journey with the official launch of **Al Tay Hills** in Sharjah—our largest and most ambitious development to date. This project is a turning point in AQARAT's story, and once delivered, is expected to set a new baseline for profitability in the years to come. While our operating performance posted year-on-year growth, our net profit came in lower compared to Q1 2024. This is primarily due to the timing of project delivery. In Q1 2024, we recognized fair value gains linked to the reclassification of certain Dubai assets from "under development" to "trading properties", which boosted the bottom line in that period. In contrast, the delivery and revenue recognition for our current pipeline, including Al Tay Hills, will take place later in the year, particularly in Q3 and Q4. Despite this accounting timing difference, the full-year outlook remains unchanged, and we are confident in the company's trajectory and earnings visibility.

Financial Performance

Let me now walk you through our financial results for the quarter.

Revenue recorded was KD 9.5 million for the quarter, up from KD 8.2 million in Q1 last year, representing a 15.3% increase. This growth reflects continued strength in our income-generating portfolio, particularly from our assets in Kuwait and the UAE. In addition to that, you will notice we added a new line item in our P&L this year - Revenue from contracts with customers – this is related to our gym business, Active, a fully owned subsidiary.

On a net basis, our gross profit stood at KD 6.7 million, posting a double-digit growth of 26.1% versus last year, reflecting healthy margins and operational efficiency.

At the EBITDA level, our earnings remained solid despite the absence of fair value revaluation gains that contributed significantly in the prior-year quarter. Our finance costs were reduced by 5.1% compared to last year and the impact on net profit was expected and temporary as I explained earlier, due to the timing of project delivery in the Q1 last year.

Balance Sheet Position

Our total assets grew by 15.2% year-on-year to reach KD 479.4 million as of March 31, 2025, up from KD 416.3. This growth reflects continued capital deployment across ongoing developments and investments. At the same time, our total debt rose moderately by 6.2% to KD 229 million. As a result, our debt-to-asset ratio improved to 47.8%, down from 51.8% a year ago. This demonstrates that our asset base is expanding at a faster rate than our liabilities.

Total shareholders' equity increased to KD 200.9 million, a 17.2% increase compared to Q1 2024. Based on annualized net profit our Return on Assets (ROA) stood at 3.4 % and Return on Equity (ROE) came in at 8.8%.

Business Updates

Starting in Kuwait, we continue to benefit from a stable operating environment. Our income-generating portfolio in the country maintained high occupancy levels across key residential, commercial, and hospitality assets.

Progress continues on the **Sabhan Labor Housing Project**, developed under a 20-year BOT contract. The project reached 50% completion and remains on track for delivery in the beginning of 2026.

We have also launched leasing activity for **41 retail units at the Riggae Commercial Complex**, enhancing the utility of our local assets.

In the UAE, we continued to make strong progress across both development and income-generating platforms.

Our largest project, **Al Tay Hills in Sharjah**, launched at the beginning of this year, has already achieved over 85% sell-through, including full sales of Phases 1 and 2. Phased handovers are scheduled to begin in Q1 2028, and enabling works and infrastructure procurement are currently underway.

Moving to our staff accommodation assets, Domus. Domus 1 to 4 continued to operate at full occupancy, reflecting consistent demand for such assets. **Domus 5** construction reached 50% with completion scheduled for Q4 2025.

To capitalize on this demand, we have committed AED 100 million as a strategic investor in the newly launched **AIM Residential Fund**. The fund is designed to rapidly scale a pipeline of purpose-built housing assets across the UAE.

Shifting to our US portfolio, our **501 First Residences project in Miami** reached 87% completion as of March 2025. Interior works and commissioning are progressing smoothly, and we remain on schedule for final delivery by the end of this year.

This concludes all our key updates for the first quarter of 2025. I'll now open the floor for your questions, please submit them via the chat function, and we will address as many as possible.

Shaza Shaker –Yes, we have a question. How is the progress with the massive project in Sharjah?

Talal Al Bahar – Well, the progress is good. We almost finished the land leveling and we've awarded the infrastructure last week, the infrastructure contract, and we're progressing well on plan.

Shaza Shaker – What kind of earnings can be expected in 2025, 2026 and 2027?"

Talal Al Bahar – Well, the earnings from the Al Tay Hills project, we're expecting between KD 85 million to KD 90 million profitability as publicly announced. I think quarter three and quarter four, we can recognize some of the profit, but very little. We expect the bulk will come '26, '27 and the first half of '28 in line with handover timelines and percentage-of-completion revenue recognition.

Shaza Shaker – So, he's saying that he was wondering about the group earnings expectations.

Talal Al Bahar – Well as per CMA requirement, I cannot give a forward-looking earnings projections, but our aim is to see continued growth and positive progress compared to last year. But due to the CMA rules, we cannot give forecast numbers. But I gave you, which we've announced, the profitability of the project, and we've announced that we've sold almost 85% of the project, so you should be able to make reasonable assumptions regarding the financial impact.

Shaza Shaker – You have another question. How does the pipeline of new projects look like?

Talal Al Bahar – The pipeline is interesting. We have two or three projects right now that are under review, and our aim is with the capital increase that we've announced to launch a project by end of the year or Q1 '26.

Shaza Shaker – Thank you so much for the questions.

Awrad Al Enezi – Thank you for your time today. We look forward to sharing continued progress in the coming quarters.
