# Company Overview

For more than five decades, Kuwait Real Estate Company (AQARAT) has played a defining role in shaping Kuwait's real estate landscape -building communities, elevating urban living, and setting new standards for quality and innovation. As one of the country's first publicly listed real estate companies, AQARAT has earned its reputation through integrity, long-term vision, and a deep commitment to excellence. Our success is rooted in a fully integrated real estate platform that spans the entire property lifecycle from land acquisition and development to operations, asset management, and long-term value creation. This comprehensive approach enables us to deliver developments that not only generate sustainable returns but also create lasting economic and social impact for the communities we serve.

Over the years, AQARAT has been at the forefront of real estate innovation in Kuwait:

- First** real estate company incorporated as a shareholding company (1972).
- First** to develop a mixed-use project combining retail, offices, and parking facilities.
- First** to introduce the Build-Operate-Transfer (BOT) model ahead of formal regulations.
